1. The Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act

WTI prepares the crime statistics report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act). This report is prepared in cooperation with the city law enforcement agency which governs the area surrounding our campus, and through information that may be reported to the Campus Director. These statistics are submitted to the Department of Education on an annual basis no later than October 1. It includes statistics on the following criminal actions:

Murder	Larceny-theft
Negligent/non-negligent manslaughter	Intimidation
Sex offenses – forcible and non-forcible	Destruction/damage/vandalism
Robbery	Weapons: carrying, possessing, etc.
Aggravated assault	Drug abuse violations
Burglary	Liquor law violations
Motor vehicle theft	Domestic violence
Arson	Dating violence
Crimes involving bodily injury	Stalking
Simple assault	

Campus crime, arrest, and referral statistics include those reported to the Campus Director and the city law enforcement agency. These statistics may also include crimes that have occurred in private residences or business adjoining the campus. The campus is defined as the school buildings and adjacent parking lots used by faculty, staff, and students.

A notice is distributed annually to students and employees advising them where the report can be obtained. Prospective students and employees are afforded the same information at the time they obtain an application for employment or admission. Currently enrolled students, prospective students and current employees may also request a copy from the financial aid department. A compilation of the crime stats mentioned above are included at the bottom of this report.

2. Security Policies and Procedures

2.a Campus Security Authority Designation

The institution designates certain officials as Campus Security Authorities (CSAs) in accordance with the Clery Act. CSAs are responsible for reporting allegations of Clery Act crimes that are reported to them in the official capacity.

Individuals designated as CSAs include:

- Rod Moore – Campus Director and Title IX Coordinator

CSA Responsibilities:

- Report all Clery Act crimes promptly
- Include sufficient detail (time, date, location, nature of incident)
- Submit reports regardless of whether the victim elects to file a policy report
- Maintain confidentiality to the extent permitted by law

2.b Reporting Criminal Activity

The institution encourages all students, employees, and visitors to promptly report criminal actions or emergencies.

Emergency Reporting:

- Dial 911 for immediate threats to life or safety

Non-emergency Reporting:

- Title IX coordinator (for sexual misconduct/VAWA offenses_
- Any CSA

Reporting Methods:

- In person
- By phone
- By email
- Through an anonymous reporting mechanism (if available)

2.c Confidential Reporting

Certain individuals may receive confidential reports and are not required to report identifying information for Clery purposes.

2.d Monitoring and Recording of Criminal Activity at Non-campus Locations

The institution does not own or control any non-campus locations of student organizations that are officially recognized by the institution. As a result, the institution does not have direct responsibility for monitoring criminal activity at such locations. However, the institution maintains a working relationship with local law enforcement agencies and will request information from those agencies regarding criminal activity involving students at off-campus locations when appropriate. Local law enforcement agencies have primary jurisdiction over off-campus areas and are responsible for monitoring and responding to the criminal activity occurring at those locations.

The institution encourages students and employees to report any off-campus criminal activity to local law enforcement and to a CSA so appropriate follow-up actions can be issued.

3. Timely Warning and Emergency Notification Policy

This policy establishes procedures on issuing timely warnings and emergency notifications in compliance with the Clery Act. The institution is committed to providing accurate, timely, and transparent information regarding crimes and emergencies that may pose a serious or ongoing threat to the campus community.

This policy applies to all students, employees, contractors, and visitors on all institution-owned or controlled properties, including off-campus locations where applicable under the Clery geography.

A timely warning is issued to notify the campus community about Clery Acts that have already occurred but represent a serious or ongoing threat to students, employees, or visitors.

3.a Crimes That May Trigger a Timely Warning

Timely warnings may be issued for, but are not limited to:

- Criminal homicide
- Sex offenses (forcible and non-forcible)
- Robbery
- Aggravated assault
- Burglary
- Motor vehicle theft
- Arson
- Hate crimes
- Any other crime deemed to pose a serious or continuing threat

3.b Decision to Issue a Timely Warning

The decision to issue a timely warning is made on a case-by-case basis by designated campus officials (e.g. campus security, Title IX coordinator, or designee). Considerations include:

- Nature and seriousness of crime
- Continuing danger to the campus community
- Risk of similar incidents occurring
- Availability of identifying information about the suspect

Timely warnings will include, when available:

- Description of the incident
- Date, time, and location of occurrence

- Suspect description (if known)
- Safety tips or recommended actions
- Instructions for reporting additional information

3.c Method of Dissemination

Timely warnings are issued without delay once relevant information is available, while ensuring accuracy and avoiding interference with law enforcement efforts. Timely warnings will be distributed using one or more of the following methods:

- Email notifications
- Text message alerts
- Campus-wide posting or digital signage
- Website announcements

3.d Emergency Notifications

An emergency notification is issued when there is confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of the campus community.

3.e Events That May Trigger Emergency Notification

- Active shooter or armed intruder
- Fire or explosion
- Severe weather emergencies
- Hazardous materials spill
- Major utility outage affecting safety
- Other immediate threats requiring urgent action

Authorized campus officials will, without delay and considering safety, determine:

- Whether a confirmed emergency exists
- The scope of the affected area
- The appropriate content and method of notification

Notifications will be issued immediately unless doing so will compromise the efforts to assist victims, contain the emergency, or respond effectively. Emergency notifications will include:

- Nature of emergency
- Location and affected areas
- Immediate actions required (e.g. evacuation, shelter in place, etc.)
- Safety instructions and updates
- Where to obtain additional information

Emergency notifications may be sent using multiple communication platforms, including:

- Emergency text alert system
- Mass email
- Automated phone calls
- Public address systems
- Website alerts and banners

Follow-up communications will be issued as needed to provide updates or all-clear notifications.

Designated officials responsible for issuing timely warnings and emergency notifications may include:

- Rod Moore – Campus Director and Title IX Coordinator

The institution will maintain documentation of all timely warnings and emergency notifications, including:

- Date and time issued
- Method of dissemination
- Incident details

Records will be retained in accordance with institution policy and applicable federal regulations.

4. Violence Against Women Act (VAWA) Policy

WTI is dedicated to providing a safe and secure environment for all members of the campus community and does not tolerate dating violence, domestic violence, sexual assault, or stalking in accordance with the Violence Against Women Reauthorization Act (VAWA) and the Clery Act. The institution has established policies, procedures, and programs to prevent and respond to these offenses.

4.a Definitions

The institution adopts the following definitions in accordance with federal regulations:

- Dating violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.
- Domestic violence: a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner, a person sharing a child with the victim, or a person similarly situated under applicable domestic or family violence laws.

- Sexual assault: an offense classified as a forcible or non-forcible sex offense under the FBI's Uniform Crime Reporting system.
 - Forcible: any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. This includes:
 - Rape
 - Sodomy
 - Sexual assault with an object
 - Fondling
 - Non-forcible: unlawful, non-forcible sexual intercourse. This includes:
 - Incest
 - Statutory rape
- Stalking: engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or suffer substantial emotional distress.
- Consent: The knowing, voluntary, and mutual agreement to engage in sexual activity. Consent can be withdrawn at any time, and once withdrawn, all sexual activity must cease. Consent cannot be given if a person is incapacitated due to the use of drugs or alcohol, asleep, unconscious, or otherwise unable to understand the nature of the activity. Consent cannot be obtained through force, coercion, threats, or intimidation.

4.b Procedures for Reporting

The institution encourages any individual who experiences dating violence, domestic violence, sexual assault, or stalking to seek immediate assistance and to take steps to ensure their safety. When an allegation of sexual assault is made, the institution will inform the victim as to his or her right to pursue criminal prosecution under the Kansas criminal statutes and will assist the victim in notifying law enforcement if requested. In addition, appropriate campus disciplinary action may be pursued. Institution sanctions for sexual assault violations may include suspension, dismissal, or expulsion from the institution.

Immediate steps to take include:

- Get to a safe location as soon as possible
- Contact local law enforcement by call 911 in an emergency
- Seek medical attention, even if injuries are not visible. Medical professionals can assess and treat injuries and collect important evidence.

It is important for victims of sexual assault, domestic or dating violence, and stalking to preserve evidence that may assist in proving that a criminal offense occurred or help in obtaining a protective order.

For sexual assault:

- Do not wash, shower, bathe, brush teeth, or change clothing if possible
- If clothing is changed, place the clothing worn at the time of the assault in a clean paper bag
- Avoid cleaning the area where the incident occurred
- Seek a forensic medical examination as soon as possible

For domestic/dating violence:

- Preserve evidence such as photos of injuries, damaged property, or the scene
- Keep records of any medical treatment or related expenses

For stalking:

- Save all communications including emails, text messages, social media messages, voicemails, and written notes
- Document times, dates, locations, and details of incidents
- Retain any evidence of unwanted contact or surveillance

Individuals who report being a victim of the above offenses have the following rights:

- Written notification of rights and options: The institution will provide the student or employee with a written explanation of their rights and available options. This includes information regarding supportive measures, reporting procedures, confidential resources, law enforcement involvement, and institutional disciplinary processes.
- Right to report or decline to report: Victims have the right to report the incident to campus security, the Title IX coordinator, local law enforcement, or to decline to notify any of these authorities.
- Right to assist with law enforcement reporting: The institution will assist victims in notifying law enforcement if they choose to do so.
- Right to supportive measures: Victims have the right to receive supportive measures regardless of whether they choose to file a formal complaint. These may include academic accommodations, changes in work arrangements, and other protective measures as appropriate.
- Right to privacy and confidentiality: The institution will protect the privacy of victims to the extent permitted by law. Personally identifying information will not be included in publicly available records.
- Right to be accompanied: Parties have the right to be accompanied by an advisor of their choice during any institutional disciplinary proceedings.

- Right to equal treatment and information: Victims will be treated with dignity, respect, and sensitivity and will be provided with timely information regarding the status and outcome of any institutional proceedings.
- Right to access resources: Victims have the right to access available campus or community resources, including counseling, medical services, advocacy services, and legal services if available.

4.c Disciplinary Procedures and Sanctions for Sexual Assault Violations

WTI follows a prompt, fair, and impartial disciplinary process in response to reports of sexual assault, domestic violence, dating violence, and stalking. Proceedings are conducted by the Title IX Coordinator. Several actions are taken to determine the appropriate disciplinary action:

4.c.i Initial Assessment

Upon receipt of a report, the Title IX Coordinator conducts an initial review to determine whether the alleged conduct falls within institutional policy and appropriate interim measures (no contact orders, schedule adjustments, etc.). The initial assessment will be completed generally within 5-10 business days of the report.

4.c.ii Notice of Allegations

Both parties will receive a written notice that includes the allegations and the rights of each party. The notice will be issued immediately after the initial assessment.

4.c.iii Investigation

The Title IX Coordinator gathers relevant evidence which may include:

- Interviews with parties and witnesses
- Collection of documents, messages, or other records

Both parties are given equal opportunity to present evidence and identify witnesses. The investigation will be completed generally within 30 days, barring good cause for extension.

All evidence will be reviewed, and determination will be made based on the evidence and interviews. Once a determination has been made, both parties will receive a written notification of the findings and the rationale for the decision. The determination notice will be completed generally within 10-15 business days after the review concludes.

4.c.iv Advisor of Choice

The institution will not limit the choice or presence of an advisor for either the complainant or the respondent in any meeting or institutional disciplinary proceeding related to an allegation of sexual assault, dating violence, domestic violence, or stalking. Both parties have the right to be accompanied by an advisor of their choice, including an attorney, at all stages of the process.

4.c.v Sanctioning Process

If a respondent is found responsible, sanctions are determined based on:

- Severity and nature of the conduct
- Impact on the complainant and campus community
- Prior disciplinary history (if applicable)
- Any aggravating or mitigating circumstances

Possible sanctions include:

- Suspension: temporary separation from the institution for a defined period
- Dismissal/Expulsion: permanent separation from the institution

Sanctions are issued in writing to both parties simultaneously, including the rationale for the sanction. Written notifications will be provided to both parties generally within 5-10 business days.

4.d Risk Reduction

Risk reduction refers to options designed to decrease the likelihood of perpetration or victimization and to promote individual and community safety. While responsibility for violence always rests with the offender, there are steps individuals can take to enhance their awareness and reduce risk in various situations. These may include:

- Be aware of one's surroundings
- Clearly setting and communicating personal boundaries
- Avoid isolated areas when possible and utilize well-lit, populated areas
- Travel with others or inform someone of your plans when meeting new individuals
- Keep personal belongings and communication devices secure and accessible

4.e Bystander Intervention

Bystander intervention refers to safe and positive actions that individuals may take to prevent or stop incidents of dating violence, domestic violence, sexual assault, or stalking. A bystander is anyone who observes a situation that could lead to harm or a violation of law or policy. WTI

encourages members of the campus community to take reasonable, safe steps to intervene when they witness concerning behavior. Intervention should never place the bystander at risk of harm.

4.f Orders of Protection and Similar Lawful Orders

The institution complies with Kansas law regarding orders of protection, restraining orders, no-contact orders, or similar lawful orders issued by a criminal, civil, or tribal court. Upon receipt of a valid order, the institution will take appropriate steps to comply with and enforce the terms of the order on campus, which may include implanting institutional no-contact directives or other administrative measures.

4.g Prevention and Awareness Programs

Prevention measures may include consideration of the following:

- Periodically examining the grounds keeping practices from a security prospective
- Monitor on a regular basis, the adequacy and operation of indoor and outdoor lighting
- Access to the buildings and master keys is appropriately restricted
- WTI has established effective communications with the state and local police

WTI does not discriminate based on sex in its education programs and activities, and that it is required by Title IX not to discriminate in such a manner. WTI is committed to providing an educational climate that facilitates learning while respecting the dignity and individuality of all our students. Sexual misconduct jeopardizes the mental, physical, and emotional welfare of our students and campus community which impedes the ability to benefit from training and access to employment opportunities.

Any questions regarding Title IX may refer to the school's Title IX Coordinator. The contact information for WTI's Title IX Coordinator is below:

Rod Moore

316-943-2241

rmoore@wti.edu

5. Adam Walsh Child Protection and Safety Act of 2006

In accordance with the Adam Walsh Child Protection and Safety Act of 2006 and federal regulations, WTI advises students, employees, prospective students and employees, and other members of the campus community where information concerning registered sex offenders may be obtained.

The Kansas Bureau of Investigation (KBI) maintains the Kansas Registered Offender Registry pursuant to the Kansas Offender Registration Act. The registry provides the public information

regarding individuals required to register in Kansas for certain sex, violent, and drug offenses. Registry records identify whether an individual is registered as a sex offender.

Registered offender information may be accessed through:

- Kansas Bureau of Investigation Registered Offender Registry
 - <https://www.kansas.gov/kbi/ro.shtml>
- Dru Sjodin National Sex Offender Public Website
 - <https://www.nsopw.gov/?home=>

Information may also be requested from the local law enforcement agency having jurisdiction over the campus or the KBI Offender Registration Unit. WTI does not maintain or independently verify the information contained in state or national offender registries. Registry information is supplied and maintained by governmental authorities and may not constitute a complete criminal history or a valid background check. Questions regarding the accuracy of a Kansas registry record should be directed to the KBI.

6. Campus Law Enforcement and Professional Counselor Policy

WTI does not employ or contract campus law enforcement or security individuals. Nor does the institution employ or contract with professional or pastoral counselors.

7. Encouragement of Accurate and Prompt Crime Reporting Policy

WTI encourages all students, staff members, guests, and people from the community to report all crimes and public safety related incidents to the CSA or the police department in a timely manner. WTI does not employ private security personnel or campus police. For an emergency or crime related matter, please call the police department at 911. To report a non-emergency situation or a public safety related matter on the WTI campus, you may call the WTI administrative office at 316-943-2241 and ask to speak to the Director.

8. Security and Access Policy

WTI does not utilize campus security personnel or department. Therefore, the responsibility for security and campus access is assumed by the campus director. WTI retains maintenance personnel to keep proper lighting in the main hallways, entrances, exits, and parking area of the building.

Normal hours of operation are Monday-Thursday 7:30 am – 10:00 pm and Friday 9:00 am – 1:00 pm. Staff and faculty members may have additional access to the school at the discretion of the Director. Students may not enter the school during any hours other than the normal hours of

operation unless special permission has been granted by the director and supervision by a staff or faculty member is available.

Additional security features such as surveillance cameras are used for quality assurance and safeguarding of students, employees, and school property.

9. Safety and Security Awareness Program Policy

The safety and security of the campus community is a shared responsibility. While the institution is committed to providing a safe environment through policies, procedures, and security measures, all students and employees are expected to take an active role in their own personal safety and the security of their property. This includes remaining aware of surroundings, following established safety guidelines, and promptly reporting suspicious activity, crimes, or emergencies to campus security authorities or local law enforcement.

Each student and employee is provided the policies regarding WTI Campus Crime Reporting. Students receive this information as part of their student handbook, and employees receive these policies as part of their employee handbook. Revisions will be distributed through official publications.

9.a Crime Prevention Programs

WTI does not have on-campus programs on personal safety and crime prevention. However, crime prevention programs on personal safety and theft prevention are sponsored by various agencies and groups throughout our community listed below:

- Wichita Police Department (Community Policing Patrol South), 316-350-3440
- Sedgwick County Sheriff's Department, 316-660-3900

Students and staff are encouraged to attend these programs as part of self-education, and to help have an active part in their education to enhance personal safety regarding protection and awareness.

9.b Drug and Alcohol Abuse Prevention Programs

WTI is dedicated to providing a drug and alcohol-free learning environment. The institution strives to make our facilities safe and healthy for all students, employees, and visitors. WTI prohibits the public display, possession, use or distribution of drugs and alcohol by students or employees on school property, or when involved in any school-related activity.

Behaviors that are inappropriate, disruptive, and/or endangering as a result of the consumption of alcohol or other drugs are prohibited. Any possession, use, or distribution of drugs and alcohol by a student on school property or at any school-related activity will result in the student's termination

from training and/or referral to a drug and alcohol counseling center in the community and/or referral to the local authorities.

Alcohol and drug abuse are serious concerns. WTI encourages any student with these problems to seek assistance and treatment. If a student feels that he or she has a problem with substance abuse, WTI will assist in the identification of a program that specializes in this type of problem within the community.

9.d Drug and Alcohol Abuse Realities

Criminal Realities¹

- Alcohol and drugs are implicated in an estimated 80% of offenses leading to incarceration
- Nearly 50% of jail and prison inmates are clinically addicted
- Approximately 60% of individuals arrested for most types of crimes test positive for illegal drugs at the time of arrest
- Alcohol is a factor in 40% of all violent crimes

Drug Abuse Realities²

- Increased blood pressure, heart rate, or heart attack
- Irritability or mood changes
- Nausea or vomiting
- Mouth sores
- Insomnia
- Depression
- Involuntary shaking or tremors
- Memory loss
- Seizures or coma
- Hallucinations, paranoia, impaired judgment, and loss of self-control

Alcohol Abuse Realities³

- Numbness in arms and legs and painful burning in feet
- Irregular heartbeat, an increased heart rate, or heart attack
- Abnormal cholesterol levels
- Reproductive dysfunction
- Diabetes
- Increased risk of colorectal cancer, esophageal cancer, or oral cavity cancer
- Gastrointestinal bleeding
- Weaken immune system

Economic Realities⁴

- In 2010 alcohol misuse cost the US \$249 billion in healthcare expenditures, productivity losses, crime, motor vehicle accidents, and fire losses. Three quarters of the total cost of alcohol misuse was related to binge drinking, and 9% of the total cost was accounted for by underage drinking.
- In 2022, the total cost for alcohol-associated liver disease in the US was \$31 billion.
- In 2014, the total costs of alcohol-related emergency department visits were \$15.3 billion, and \$93 billion for visits that resulted in hospital stays

10. Crime Statistics

WTI maintains and publishes crime statistics in accordance with the Clery Act. For the purposes of this Annual Security Report, the statistics reported for the Wichita campus include the two locations listed below:

- 2015 S. Meridian Ave., Wichita, KS 67213 (north building)
- 2051 S. Meridian Ave., Wichita, KS 67213 (south building)
